YOUR OPERATOR OR OURS

This would be a good time for you to plan ahead for your peak work-load periods.

Whether you prefer to use your operator or ours, you'll be pleased to know
that we have open time on our computer equipment. (24 hours a day . . . 7 days a week)
The open-time is on the 1401-16K tape oriented system and our new multi-featured SYSTEM 360/30.

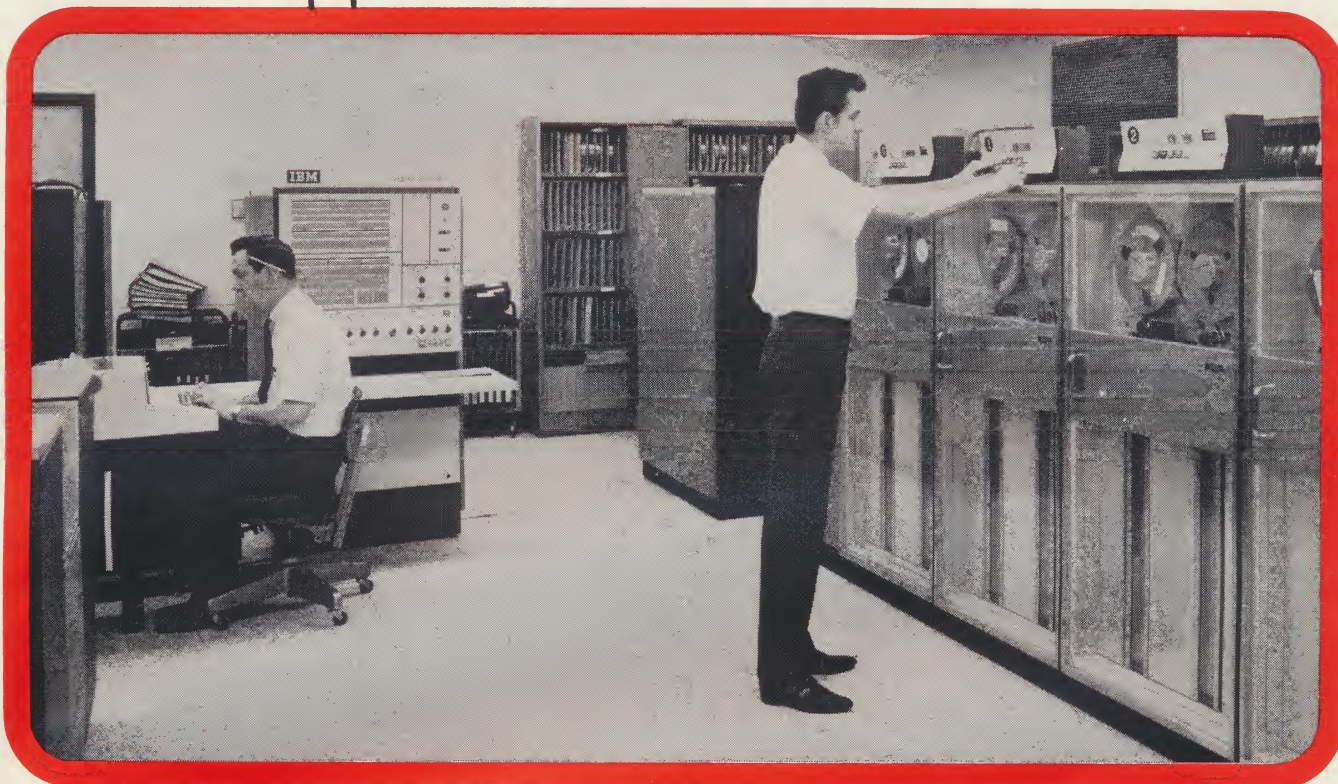

We would welcome the opportunity to acquaint you and your operators with the working features
of our systems. Just call us to arrange for a demonstration.

TIME FOR RENT

Yes, we have time for rent...data processing time, that is.

Now that our SYSTEM 360/30 is in full swing, there is machine time available.

If you are in the position of having more computer work than your equipment can handle, we're in fine shape to help you out. (This includes our 1401-16K tape oriented system.) In order that you might use our equipment to its' fullest potential, here is a list of the many features that comprise our SYSTEM 360/30.

We would welcome an opportunity to show you this system in operation. Just call us to arrange for a demonstration.

SYSTEM 360/30 FEATURES:
